[MODULE] 7505NURECA Research Methodology Approved 2022.01 - 20 credit points	
[MODULE] 7506NURECA Dissertation Approved 2022.01 - 60 credit points	
Level 7 Optional - No credit points	OPTIONAL

Approved variance from Academic Framework Regulations

<p>Variance</p> <p>A variance has been approved for 7100NPAPP that all components of the module must be passed including those contained within the practice competency. The examination element (weighted at 40%) has a pass mark of 80%. The numeracy assessment (written examination) within the practice / competency element has a pass mark of 100%</p>

Teaching, Learning and Assessment

Teaching, Learning and Assessment	Teaching and learning will take place via the virtual learning platform (VLE) The assessment strategy includes: Essays Dissertation Written critical analysis of current practice Case study Research proposal
-----------------------------------	--

Opportunities for work related learning

Opportunities for work related learning
No placement is provided as part of this programme, but it is anticipated that the students will be working within the nursing setting, and they can use learning from this to inform their assignments, such as the case study. The programme provides the basis for progression to PhD and a range of transferable research skills. The programme develops a range of transferable, work related, skills.

Entry Requirements

Type	Description
Alternative qualifications considered	<p>Standard Admission: All applicants must be (or have been) a registered nurse • Applicants holding an accredited UK 2:2 Honours degree (in Nursing or health related subject) or international equivalent. • IELTS 6.0 (minimum 5.5 in each subcomponent) or international equivalent • Supporting Documents: Up to date CV, Personal Statement, 2 references</p> <p>Non Standard Admission: • Applicants holding lower qualifications (i.e. Bachelor degrees with lower comparability such as HND, DipHE, Ordinary, 3rd Class etc) or holding professional qualifications in a related subject to be considered on a non standard basis provided they have related professional/working experience of at least 3 years • ECA Admissions processes both standard and non standard applications based on LJMU's guidelines, while ad hoc applications that do not conform to the guidelines are referred to the LJMU link tutor for consideration with a view to standardizing applications where possible</p>
