Programme structure - programme rules and modules

Programme rules

The programme is divided into study units called modules.

A 10 credit module typically comprises 10 hours of learning activity comprising student contact (lectures, workshops, seminars, tutorials and performance project supervision), course work preparation and private study.

All learners take modules to the value of 120 credits each year/credit level. The appropriate module-unit credits are awarded for the successful achievement of the learning outcomes for the module.

At Level 6 learners undertake 40 credits of core modules and 80 credits of option modules from a choice of 3.

The full programme award, BA with Honours, is achieved upon the successful completion of 360 credits. Other awards are: Diploma in Higher Education and Certificate in Higher Education.

Information about assessment regulations

All programmes leading to LJMU awards operate within the University's Academic Framework.
<https://www.ljmu.ac.uk/about-us/public-information/academic-quality-and-regulations/academic-framework>

There is variance to run year long modules at level 4, 5 and 6 and also to have
 1 x 30 Level 6, 2 x 40 at Level 6 modules

Opportunities for work-related learning (location and nature of activities)

Although there are no formal placements on the programme, the Music Professional Practice modules in Level 4 and 5 are designed to encourage learners to apply the theory and practice from the other modules and to engage with real world situations through performances, demo production and promotion of their own careers as musicians. This activity is consolidated in Level 6 in The Performer, The Producer and the Music Creator.

Learners are encouraged to market and promote their Level 6 activity in professional settings in The Professional module and The Music Professional Modules.

Criteria for admission

A/AS Level

We are committed to accepting students on to this course who have the potential to succeed as practitioners and who will gain sustained work in the performing arts and entertainment industries. With this in mind we wish to identify through applications and interview or audition key attributes and achievements.

The key attributes that we seek to identify are:

- Knowledge, ability and experience of music
- Commitment to the performing arts
- Ability to work effectively with others
- Broad interest and engagement
- Self-awareness
- Spirit of enterprise

The minimum educational standard that we are looking for is:

GCSEs

We normally require a minimum of five GCSEs grade C. These should include Maths and English.

UCAS TARIFF POINTS

Plus a minimum of 96 UCAS tariff points (2017 tariff) or 240 UCAS tariff points (2016 tariff). Subjects studied at this level should normally include Music and / or Music Technology.

We accept all types of equivalent qualifications, the following are the most common UK qualifications that people tend to apply to us with:

A/AS Level

This should be from three A Levels (i.e. grades C, C, C), excluding General Studies. Points from AS and Key Skills are not counted

BTEC National Diploma

Extended Diploma (i.e. Merit, Merit, Merit profile).

BTEC Diploma (i.e. Distinction, Distinction). Acceptable on its own and combined with other qualifications such as an A Level, in which case total needs to be 72 (2017 UCAS tariff points) or 240 (2016 UCAS tariff points) across both qualifications.

90 Credit Diploma (Distinction, Distinction). Acceptable on its own and combined with other qualifications such as an A Level, in which case total needs to be 72 (2017 UCAS tariff points) or 240 (2016 UCAS tariff points).

Irish Leaving Certificate

From 5 subjects at higher level.

Scottish Higher

From 5 subjects, 3 of which must be at an Advanced level.

International Baccalaureate

Acceptable on its own and with other qualifications

Welsh Baccalaureate

Acceptable on its own but is ideally combined with other qualifications as it is equivalent to one A Level.

Other

Music theory

Candidates should be able to demonstrate a good working understanding of music theory. UK applicants should aim to attain Grade 5 London College of Music (LCM) Popular Music Theory or equivalent qualification such as a Distinction in Unit 27: Music Theory & Harmony BTEC National Diploma by the time they enrol with us.

Candidates are tested on their music theory ability at auditions so if they achieve above a certain level at the audition the need to achieve a further grade 5 level qualification may be waived. Overseas students are considered on an individual basis and are also tested on their music theory ability at the audition stage.

Audition or Interview

Candidates are invited to audition/interview on the basis of completing the LIPA and/or UCAS application form.

We look for evidence of the key attributes and an ability to achieve the qualifications standard. In exceptional cases people may be invited to audition/interview who have not met or are not on course to meet the qualifications standard. In these cases there must be substantial potential demonstrated against the other attributes.

The audition or interview allows us to evaluate you as a practitioner in your area of interest. Offers of a place will follow where you demonstrate high ability and the potential to succeed.

At the audition we provide an overview of LIPA and candidates are asked to present prepared pieces, to take part in a song writing workshop and to undertake a music theory test.

In exceptional cases an offer of a place may be made on the basis of the application form alone.

Equal Opportunity

LIPA is an equal opportunities organisation and aims to successfully recruit students from a wide range of different socio-economic and personal backgrounds.

To ensure we provide effective equality of opportunity within the application process we carefully consider each application individually and acknowledge differences that can exist between applicants' experiences from diverse backgrounds. We regularly update our approaches to take into account changing understanding of communities and cultures and we monitor applicant/student characteristics such as age, gender and ethnicity.

Recognition of Prior (Experiential) Learning [RP(E)L] and Credit Transfers

If applicants can demonstrate they have already achieved learning equivalent to a module or modules, or a level of study, in the programme they may be eligible to be awarded credit for this learning or to have credit transferred from another UK institution.

They will be required to complete an application to have their qualifications or experience approved by the Head of Discipline and the university. This requires the presentation of appropriate evidence and we will map the evidence against the programme outcomes to be certain of equivalence. If approved credit will be awarded and they will proceed on to the appropriate level of the course to complete the remaining credit for the award.

Mature entry

We welcome applications from mature students. Given the wide range of backgrounds, qualifications and experience that mature applicants may offer, entry requirements are not necessarily rigid and can vary from one individual to another. Substantial experience in an applicants chosen area of interest can be accepted instead of formal qualifications. Mature applicants should make their experience clear in the application.

Overseas qualifications

We welcome applications from students with qualifications from outside of the UK. Each application is considered on an individual basis and mapped to the appropriate entry level. We value the diversity of experience that students from different backgrounds bring to the course.

IELTS score of 6 is required.

External Quality Benchmarks

All programmes leading to LJMU awards have been designed and approved in accordance with the UK Quality Code for Higher Education, including the Framework for Higher Education Qualifications in the UK (FHEQ) and subject benchmark statements where applicable.

The University is subject to periodic review of its quality and standards by the Quality Assurance Agency (QAA). Published review reports are available on the QAA website at www.qaa.ac.uk

Programmes which are professionally accredited are reviewed by professional, statutory and regulatory bodies (PSRBs) and such programmes must meet the competencies/standards of those PSRBs.

Support for students and their learning

The University aims to provide students with access to appropriate and timely information, support and guidance to ensure that they are able to benefit fully from their time at LJMU. All students are assigned a Personal Tutor to provide academic support and when necessary signpost students to the appropriate University support services.

Students are able to access a range of professional services including:

- Advice on practical aspects of study and how to use these opportunities to support and enhance their personal and academic development. This includes support for placements and careers guidance.
- Student Advice and Wellbeing Services provide students with advice, support and information, particularly in the areas of: student funding and financial matters, disability, advice and support to international students, study support, accommodation, health, wellbeing and counselling.
- Students studying for an LJMU award at a partner organisation will have access to local support services

Methods for evaluating and improving the quality and standards of teaching and learning

Student Feedback and Evaluation

The University uses the results of student feedback from internal and external student surveys (such as module evaluations, the NSS and PTES), module evaluation questionnaires and meetings with student representatives to improve the quality of programmes.

Staff development

The quality of teaching is assured through staff review and staff development in learning, teaching and assessment.

Internal Review

All programmes are reviewed annually and periodically, informed by a range of data and feedback, to ensure quality and standards of programmes and to make improvements to programmes.

External Examining

External examiners are appointed to programmes to assess whether:

- the University is maintaining the threshold academic standards set for awards in accordance with the FHEQ and applicable subject benchmark statements
- the assessment process measures student achievement rigorously and fairly against the intended outcomes of the programme(s) and is conducted in line with University policies and regulations
- the academic standards are comparable with those in other UK higher education institutions of which external examiners have experience
- the achievement of students are comparable with those in other UK higher education institutions of which the external examiners have experience

and to provide informative comment and recommendations on:

- good practice and innovation relating to learning, teaching and assessment observed by external examiners
- opportunities to enhance the quality of the learning opportunities provided to students

Please note:

This specification provides a concise summary of the main features of the programme and the learning outcomes that a typical student might reasonably be expected to achieve and demonstrate if he/she takes full advantage of the learning opportunities that are provided. More detailed information on the learning outcomes, content, teaching, learning and assessment methods of each module can be found in module and programme guides.
